

## Celebrate A New Style of Christmas

Gifu Prefecture is currently experiencing an increase of COVID-19 cases.

In the New Years Period, continue to thoroughly implement the “wearing of masks”, “avoidance of large gatherings”, “hand-washing” and “maintenance of social distance”.

Furthermore, this Christmas please be diligent with your safety precautions and celebrate Christmas in a new way to protect both yourselves and your loved ones.

### 1. Christmas at Home

- Celebrate Christmas at home with your immediate family only.

### 2. Online Christmas

- Celebrate with cherished friends and family from your native country online.
- Hold celebrations online even with friends you see often.

### 3. To Protect Those Around You

- Stop all activities if your physical condition seems unusual!
- Consult with your regular doctor (or one nearby) as soon as possible.
